United States of Americ	ATIVE C 43.103(B	CHANGES (Such as col). Copies to the issues a solicitation/contract of the issues of	uing office.	nying office,

The contract is revised as follows:

(1) H.2 Key Personnel

Replace No. 4, Principal Information Technology Security Engineer -

- (2) Add contract deliverable No. 9 to F.5(A) "Contract Deliverables"
 - 9. USPTO/TPPOS Contractor Actuals Data File Requirements.
- (3) Add attachment No. 9, USPTO/TPPOS Contractor Actuals Data File Requirements to J.1(A) 'List of Attachments That Are Hereby Made A Part of This Contract''.

USPTO/TPPOS Contractor Actuals Data File Requirements Updated November 1997

A. Actuals are provided monthly via flat ASCII file.

- 1. The file is due on the 18th of each month and contains data for the previous month.
- 2. The format is Comma Separated Values.
- 3. Quotation marks surrounding individual values are optional.
- 4. Do not format dollar values with commas (,) or dollar signs (\$).

B. The following fields must be provided in the order shown:

Contractor Code - Contact TPPOS, who will assign a four-character code. Some acceptable values:

PRCI - Planning Research Corp, Inc.

GALX - Galaxy

SAIC - SAIC

COMP - Compass

LEAD - Leads

TROY - Troy Systems

SGNL - Signal Corporation

MITE - Mitech

FEDS - Fedsim

- Month and Year (Format MMM-YY)
- 3. Program Code
- Actual Hours
- Actual Labor Dollars (Fully Loaded)
- 6. Actual Non-Labor Dollars (ODC's, Material, Services)

Sample data is provided in Section E.

C. If a contractor needs to re-submit a revised or corrected file, re-submission will be accepted provided the corrected file contains data for a single reporting period, e.g., September 1995, and contains all actuals for that period.

D. Files are named using the following convention:

<code> act.<month>

The <code> is an acceptable contractor code, as shown under section B above.

The <month> is a three letter code identifying the reporting month, i.e., the month identified to the data contained in the file.

For example: file prci_act.sep contains September actuals from PRC, i.e., actuals reported against the month of September, not actuals that were provided in the month of September.

Using this convention, even if a re-submission is required several months later, the file name always identifies what the file contains, not when the file was created.

E. Sample Data File:

XXXX,OCT-97,ABCGB0,148,1327.8,1200.50 XXXX,OCT-97,ABCGB0,227,2582.25,2218.72

XXXX,OCT-97,ABCGA0,33,570.67,65748.87
